FUNSTON GUARDS AGAINST A TRAP

Makes Reconnoisance Beyond Vera Cruz—Ready For Attack.

NO NEW ACTIVITIES.

Good Feeling Apparent Among Mexicans For Americans, Who Pay For What They Get From Natives.

Vera Cruz, May 5.—Brigadier General Frederick Funston yesterday for the first time went beyond the American lines encircling the city. He proceeded to the waterworks station at El Tejar, nine miles to the south, on a visit of inspection, making the trip on a short train of flat cars which bore an escort of a company of infantry. With the General were Colonel Benjamin Alvord, of the Adjutant General's Department, and Lieutenant William G. Ball, the general's aide de camp, as well as a number of newspaper correspondents.

On the way out, at the posts forming the connecting links between the inner lines and the outposts, American sentinels stood watching vigilantly on slight eminences, ready to give the alarm in case of anything unusual occurring.

As an army regulation had been drawn up by the General that no military honors were to be paid while the army was in the field, the brief expedition was not hampered by formalites.

At El Tejar the general found all the men composing Major John H. Russell's outpost in the best of spirits. The force had been strengthened since the alarm on Saturday, by a battery of artillery and some additional marines.

The village in which the men are quartered is typical of thousands in Mexco. The school house, which is the best building in the place, is occupied as headquarters.

For all supplies furnished to the troops the villagers are paid promptly, and their good-will seemed to have been won by the fact that the American soldiery have been careful to ask permission before even beginning to dig a small hole.

Reports of Federal activities in the interior from Vera Cruz were received here. General Gustavo Maas, the Mexican commander, was said to have blown up by the San Francisco bridge on the narrow gauge railroad, which was the line used by General Scott in his advance on Mexico City in 1847.

It also was reported that another section of tracks had been torn up.

TRAVELERS' CONVENTION.

Entertainment of Organization in Norfolk.

Norfolk, Va., May 5.—Between 300 and 400 members of the Travelers' Protective Association of Virginia will attend the annual State convention here Friday and Saturday. Post "B" of Norfolk will entertain the visitors with an oyster roast at Cape Henry, a boat trip around the harbor and an automobile tour of the city.

Governor Stuart of Virginia has been invited to deliver an address but it is not known whether he will be able to accept or not. Mayor W. R. Mayo will welcome the visitors.

The state officers of the T. P. A. who will attend the convention are William H. Jones, of Danville; president; A. M. Smith, of Richmond; first vice president; H. L. Smith, of Petersburg; second vice president, and H. L. Harwood, of Richmond, secretary. The national officers who will be here are C. Walton Saunders of Richmond, first national vice president; J. Y. Williams, of Alexandria, national legislative chairman, and A. D. Brockett, of Alexandria, national railroad chairman.

The convention will be held in the ball room of the Lynnhaven hotel.

FIVE HURT IN CHURCH RIOT.

One May Die as Result of Factional Clash.

Butler, Pa., May 5.—Five persons were injured, one probably fatally, and 13 others are under arrest as the result of a riot Sunday between Roman Catholics and Greek Catholics of Butler township. There had been bitter feeling between the two religious bodies for several weeks.

The Butler troop of the Pennsylvania State Constabulary was rushed to the scene and quickly quelled the disturbance. Further trouble is feared and the state troopers will remain in the district for the present.

It is alleged Tony Thomas, a Greek, Catholic, yelled 'The Pope's no good." It is also alleged that Alex Thomas, opposed to the Greek Catholics, had insulted Mrs. Mary Abbott, at a dance the night before.

When the dance started, Mrs. Abbott, who was in a store nearby, called on her friends to take revenge. Six women took part in the fight which waged for half an hour.

Tony Ahmer, aged 30, was perhaps fatally stabbed. Mrs. Abbott and Mrs. Tony Thomas were knocked unconscious on the street

PECULIAR ACCIDENT.

Likely to Die as Result of Blow From Ballast Rock Hurled by Speeding Locomotive.

Philadelphia, Pa., May 5.—Struck on the forehead by a stone that was hurled through the air about 30 feet Sunday night by the locomotive of a speeding express train, Raymond Geggis, 16 years old, of No. 2611 Ormes street, was probably fatally injured. With several companions, young Geggis was walking along the Pennsylvania Railroad tracks in Kensington. When near the crossing at G street, a New York express train approached and the boys stepped away from the tracks and stopped to watch it pass.

Just as the locomotive thundered past Geggis' companion saw him throw up his hands, seize his head, and sing unconscious beside the tracks. They found that a piece of ballast had hit him a terrific blow just above his eyes and had fractured his skull.

Efforts to revive the boy proved useless, and he was taken to the Episcopal hospital. Physicians there have little hopes of saving the youth's life.

ENGINE KEELS ON A CURVE

Its Flying Upset Kills Driver And Severely Injures Fireman.

Mauch Chunk, Pa., May 5.—Lehigh Valley R. R., Engineer Pierce Hoffman, of Mount Carmel, was instantly killed here yesterday afternoon, and Fireman Frank Carey seriously injured when their engine jumped the track on the sharp curve along the foot of Bear Mountain. They were coming up speedily from Packerton with an empty engine to take a passenger train leaving here at 5:25 yesterday evening to Mount Carmel.

The engine was thrown on its side, the engineer pinioned underneath, and escaping steam hastened his death. One of the fireman's arms and one leg were broken, besides internal injuries. He was removed to the Hazelton Hospital.

Mr. Hoffman was one of the oldest and best engineers on the Lehigh Valley Railroad, having been running for 30 successive years. He is survived by a wife and five children.

HIDES IN TRUNK.

Drink-Crazed Woman Creates Sensation in Roanoke.

Roanoke, Va., May 5.—Due to temporary derangement, said to be due to drink and drugs, Mrs. Annie Howell, 40 years old, kept the police on the jump for a time Sunday afternoon in an effort to find out what was coming off in her home at 26 Fourth avenue northwest. When admittance finally was gained to the house, Mrs. Howell was found resting comfortably in a large trunk and seemed disinclined to leave her snug retreat.

She was brought to police headquarters and locked up for observation When searched, $140 was found in her stocking. She talked incoherently after being brought to the station house, but investigation developed the fact that the woman is a drink and drug victim and her predicament probably is a result of an overindulgence.

HUERTA FACING MORE TROUBLE

Many Mexicans Favor Driving Dictator From Power Immediately.

CASTRO IMPLICATED?

Celebrating Mexico's Fourth of July, Anniversary of Expulsion of French From Country.

Vera Cruz, May 5.—Of the fugitives arriving in Vera Cruz from Mexico City, Mexicans outnumber all other nationalists and they insisted today that Dictator Huerta is soon to be overthrown amid carnage, murder, and looting.

A plot is now on foot in the capital, the Mexicans declare, to drive Huerta from power. Gen. Jiminez Castro, the executioner of Jojutla, who ordered 149 mutineers lined up and shot, is said by some of the refugees to be attempting to seize the army.

Imitating the dictator, the Mexicans say, the conspirators hope to beat General Villa and his rebel hordes of the north into the capital. They do not intend to oppose Villa, but want to share the benefits of the rebel victory in the looting that is declared to be certain to follow.

Doubt as to the authenticity of the report that Huerta has formed an alliance with Zapata, the bandit rebel leader of the south, was raised with the publication in Vera Cruz papers of a proclamation from Zapata, declaring that he will start an attack on the capital today. In the proclamation, Zapata condemns Huerta and General Blaquet minister of war to death and threatens summary punishment for all who support the dictator.

It has been learned that Senor Ruiz, under Secretary of State, who is now acting in the place of Jose Portillo Rojas, resigned, endeavored to resign Suday, but Huerta would not permit him to retire. Portillo is said to be preparing to come to Vera Cruz. His friends fear he may be arrested and imprisoned if he remains in the capital.

Today is Mexico's "Fourth of July," the anniversary of the Mexican victory over the French. It will not be celebrated in Vera Cruz, but in the capital there will be parades and fireworks. Anti-American demonstrations are not expected, owing to the change in sentiment in the capital and also the realization by Huerta that Mexico will not be united by such means.

Reports reaching here indicate that the situation at Tampico is extremely omionous. The rebels are planning a general attack as soon as all Americans are out of the city and heavy damage is expected.

MURDERED HIS WIFE.

Murderer Attempts to End His Own Life.

Norfolk, Va., May 5.—After killing his wife, Mamie Rose Jackson, colored, by putting a bullet through her left temple, Junius Jackson, colored, attempted to end his own life early Sunday morning by shooting himself through the temple, in a room at their home, 226 Bute street. Although suffering from a wound in the Temple, Jackson ran from the house up Monticello avenue and jumped or fell into the marsh at Smith's creek. He came out of the marsh, and returned to the neighborhood of his home, where he was placed under arrest by Patrolman J. F. Russell. He was sent to St. Vincent's hospital, where he is held under guard on the charge of murder.

The shooting followed a quarrel between the two over domestic affairs. Adeline Jackson, small daughter of the couple, was the only person present, and she was too excited to give any definite information in regard to the occurrence.

BITES WHEN REFUSED KISS.

Man Nips Piece Out of His Wife's Unproffered Lip.

Philadelphia, May 5.—Refused a kiss by his wife, Annie Carney, 23 years old, when he was about to leave their home at Twelfth and Lombard streets, last night, William Carney, 25 years old, became angry and bit a piece out of her lip and also bit her on her shoulder. Her condition was so serious that she was removed to the Pennsylvania Hospital where physicians treated her wounds. Later the police of the Nineteenth district arrested the husband and wife and locked them up for a hearing.

Richmond, Va., May 5—Governor Stuart deviated from the former custom of issuing a proclamation fixing the day of Mothers' Day in Virginia by addressing a personal letter yesterday to Mrs. W. A. Newport News, Va., May 5.—Rev. Albert L. Warburton-Spragg, canon of the Cathedral in Coburg, Canada, died in his room at the Sherwood Inn Old Point, Sunday night from heart disease. He was stricken on Sunday morning. Mr .Spragg was 62 years of age, and has been the canon of Coburg Cathedral for 25 years. Recently his health failed, and about three weeks ago he came to Old Point to rest. The body will be sen to Toronto for burial.

Olney May Not Serve.

Boston, Mass., May 5.—Richard Olney offered the governorship of the Federal reserve board by President Wilson, almost certainly will decline the position.

While he refuses a definite statement today, it is taken for granted on all sides that he already has forwarded his declination to the President. The weight of his seventy-eight years and his other duties as trustee make him unwilling to take a position requiring years of service and most careful attention.

Col. E. M. House, the President's personal friend, spent all yesterday conferring with Mr. Olney, but he also refused any statement.

P. E. COUNCIL TO MEET IN RICHMOND

Will Convene on Wednesday, The 20th Instant, in St. James Church.

IMPORTANT SESSION.

Question of Electing a Bishop Coadjutor to Come Up—Bishop Gibson Attends to His Duties.

Richmond, Va., May 5.—The regular annual meeting of the council of the Protestant Episcopal Church in the diocese of Virginia, which embraces all that portion of the State north of the James River, will be held in St. James' Church, of Richmond, beginning on May 20th, and will be in session nearly all the week.

The indications are that this will be one of the most important meetings of the council in recent years, as many matters of vital interest and concern are to be considered and acted upon.

The question of electing a bishop-coadjutor to assist Bishop Robert A. Gibson in his work will probably be taken up. For some years there has been a division of opinion as to whether the diocese needs such an officer, but it is now generally believed that an assistant bishop is absolutely necessary. Bishop Gibson's health is not as robust as he was several years ago, and, in fact, he has been confined to his home in Richmond by illness much of the time during the winter.

Bishop Gibson is now attending to his Episcopal duties in this city, and has made official visits to some of the churches of the state, but his health has not permitted him to go far from home.

STIRRED BY NEGRO FIEND.

Threatens and Attacks White Woman On Street.

Kinston, N. C., May 5.—Satisfied that if the authorities did not get him before incensed citizens do, the negro who has for two months insulted, threatened and actually attacked white women here, will meet with summary fate, the police and sheriff have redoubled their efforts to arrest him. When an afternoon paper published reports of his activity anew there was a wave of indignation which augured bad for the black should he fall into the hands of the people who are incensed at his repeated outrageous conduct.

To add to the list of those whom he has addressed in an insulting manner, a young lady of the northern part of town reported having been shadowed and followed while on her way to church on Queen street at a point only a block from the business district, in the early evening. Publication of her name is suppressed, but she is admitted to be a leader in church and social circles.

Rumors of a black peeper on the porches of several homes and in the exclusive residential part of North Kinston were verified. In every instance the descriptions tallied unvaryingly, and last night plain clothes men, deputy sheriffs and policemen, patrolled every street in an effort to find the negro.

A number who are suspected were under surveillance all night. The officers believe the man they seek to be a medium-sized vagrant, of dudish proclivity.

ACCIDENT TO TRAIN.

Runs Into Open Switch; One Dead, Two Hurt.

Tampa, Fla., May 5.—One man was killed and two injured, when Atlantic Coast Line passenger train No. 88 ran into an open switch two miles west of Plant City, at 6:30 o'clock yesterday morning.

The switch is at a brickyard. The engine crashed into some freight cars on the siding. George Dudley, a negro, who was loading brick into one of the cars, was instantly killed. Fireman McNealy was seriously injured, and Engineer Loomis slightly hurt. The engine was badly damaged. No passengers were hurt.

CASHIER COMMITS SUICIDE.

Herbert Austin, of High Point, N. C., Shoots Himself in The Temple.

Charlotte, N. C., May 5.—Herbert Austin, cashier of the Wachovia Bank, of High Point, N. C., committed suicide by shooting himself through the temple with a pistol yesterday morning about 10 o'clock at the home of his grandmother, Mrs. Noah Townsend, at Hildebrand, says a special from Hickory. Austin, who is about 26 years old, reached Hickory this morning about 7 o'clock, and afterwards walked to the home of his grandmother, at Hildebrand, about 5 miles from Hickory. After greeting his grandmother affectionately he refused anything to eat and went into a room presumably to rest or sleep a while. Mrs. Townsend heard a pistol shot, and going to the room found her grandson lying on the floor dead.

No probable cause for the shooting is known. Austin was married just a few weeks ago at High Point.

SENDS BULLET INTO BRAIN.

Newport News Man Despondent Over Loss of his Position.

Newport News, Va., May 5—R. N. Lynch aged 59 years, committed suicide Sunday by shooting himself through the forehead with a revolver at the dinner table at his home. The ball came out the top of his head, penetrating the brain, but he lived two hours. Despondency because of the fact that he had lost his position with the Chesapeake and Ohio Railway, is given as the cause. Lynch is survived by his widow and three children.

KILLED BY HIS OWN RIFLE.

Philadelphia, May 5.—Attempting to imitate the marksmanship of Mexican snipers, in Vera Cruz, Morris Fox, 18 years old, with his rifle climbed to the top of a haystack yesterday on his grandmother's farm, near Oxford, Chester county, and when the frail structure collapsed under his weight, the gun was discharged, sending the ball into his head. He died shortly after being brought to the University Hospital in this city.

Chicago's Crime Wave.

Chicago, May 5.—Police figures for the four months eding April 30 show an increase in crime in Chicago over any similar period in the history of the police department.

Since January 1 500 "hold-up" robberies have been reported, the victims reporting losses of about $10,000. There were 2,000 burglaries of flats, residences, and stores, amounting to $250,000. Horses and wagons and merchandise valued at $10,000 were reported stolen, but in nearly every case the machine was abandoned after having been stripped.

The members of St. Joseph's Catholic Church hereby avail themselves of the oppotunity to thank all who by their patronage aided them in realizing four hundred and one dollars at the fair recently held.

HOSPITAL WORK GOES NOBLY ON

"Quick-Giving Club" Appeals to Old and Young Alexandrians.

ALL COME TO FRONT.

Score Last Night Shows Aggregate of $22,905—Additional Contributions Coming in Steadily.

The hospital work goes nobly on. All classes of citizens and a number of our outside friends are contributing to the Quick Giving Club. Churches, Sunday schools, societies, associations, old and young, and rich and poor are all coming nobly to the front. Certainly the patriotic spirit for which the home town of George Washington has been noted is not lacking at this time.

Among the donations received last night after score was put upon the board, amounting to $22,905.00, there was received from Captain W. H. Sweeney, secretary and M. Ahern, treasurer, from the Society of St. Vincent de Paul, a charitable organization, which ministers to the needy regardless of creed or color, a contribution of $50.

At a meeting of R. E. Lee Camp of Confederate Veterans held last night, they decided to give $75.00, which was one-half of the money in the treasury. When it is considered that this organization is often called upon to meet expenses, which may occur at any time, the liberality in this donation is deeply appreciated in this donation is deeply appreciated. Oriental Court No. 10, O. F. A., sent in a contribution of $12.00.

A young gentleman came into headquarters and signed up for $5.00, and then signed up for another $5 and placed $10 in cash upon the table.

If less than 300 contributors in so short a time have raised one-half of the amount asked for, the committee hopes that in the remaining 18,000, who have not yet contributed, will send in their contributions at the earliest possible date, because if the full amount is raised by June 1, the hospital will be built and ready for use by the first of next January.

The committee desires every one to make a contribution so that they may be personally identified with this noble charity.

Subscriptions can be made to any member of the committee, at the rooms of the Chamber of Commerce, or at any bank in the city.

During the absence of Messrs. Brockett, Williams and Ballenger, who will attend the annual meeting of the T. P. A., in Norfolk, Mr. Albert Smoot, Jr., will act as chairman.

CONTEST IN SPEAKING

Prizes Awarded at Episcopal Theological Seminary Near This City Last Night

The annual contest in public Extemporaneous Speaking on the Wallace Foundation open to the members of the Senior class of the Theological Seminary of the Episcopal Church, near this city, took place in the chapel of the Episcopal High School last night at 8 o'clock.

It will be remembered that Whittle Hall, in which the contests were regularly held, was burned down last January, and as a prayer hall at the Seminary is undergoing repairs, Principal Hoxton, of the Episcopal High School, courteously permitted the use of their commodious chapel for this exercise.

Three members of the Senior Class, Messrs. Leckonby, Merryman and Ruck, entered the contest. The judges were the Rev. W. J. Morton, of Christ Church, in this city, Mr. Geo. Calvert Stuart, Proctor of the Seminary, Dr. Harryman, organist of the Seminary chapel, and Professors Daniel and Whittle, of the Episcopal High School.

The first prize, amounting to $100, was adjudged to Mr. Ruck, of the Diocese of Virginia, and the second to Mr. Leckonby, of the Diocese of Kentucky.

The subject chosen by the faculty was "The Qualities required for success in the Ministry." The contestants all spoke well and were complimented by the judges for their ability in public speaking. Professor Wallis presided at the contest, and there was an audience of students and members of the Seminary and High School.

MADE TO MOVE ON.

Woman From Pensacola, Fla., Wanted to Take up Abode Here.

At a late hour last night a woman, who gave her name as Mary Rose, called upon the police to recover her suit case which was in charge of a soldier named Raymond B. Carroll. She alleged that Carroll had taken it from her and refused to return it. Carroll had been drinking and he and the woman were taken in custody. The soldier was arraigned in the Police Court this morning and fined $5.

The woman was then made to face the bar. She said she came from Pensacola, Fla., and was looking for work in Alexandria. When questioned she acknowledged that she had been an inmate of a house in Pensacola. The court gave her one hour in which to leave the city with the assurance that if she lingered she would be arrested and sent to jail for ninety days under the vagrant act. She announced her purpose to leave immediately.

NEWS OF THE OLD DOMINION

FOUNDATION OF OLD CHURCH.

It is in Hampton — Built in 1617— Memorial to be Dedicated.

Hampton, Va., May 5.—Jacob Heffelfinger, a devout member of St. John's Episcopal Church here, and an ardent student of its history, has always maintained that a church much older than the present one existed here in the vicinity and this opinion was strengthened by evidences of an old foundation that was partially unearthed five years ago on a piece of land about half a mile from Old St. John's Mr. Heffelfinger, with the consent of the owner of the land, began excavations, and to his great delight uncovered what was undoubtedly the foundation of an old church, which was built of English brick. Delving further into the history of Hampton he discovered that a church had stood on what was known as the Glebe land and this was the location of same. It was further discovered that the date of erection was 1612, just seven years after the advent of Captain John Smith to this section and may have been built through his efforts as the grant of the land on which the edifice stood was a royal grant. Mrs. Thomas Tabb, on whose property the old foundation was discovered, generously gave the ground to St. John's church and a handsome railing was erected around it. Some time in June a suitable monument will be erected which will contain the names of the first rectors that filled the pulpit in the old pile. Quite a sum of money had been raised to that end and the contract has been let for the stone which fill be a granite cross.

DIES FROM INJURIES.

Coroner Holds Southern Engineer Did Not Blow for Dangerous Crossing.

Lynchburg, Va., May 5.—Mrs. Doshia Perrow, who was fatally burned when an automobile in which she was riding was hit by a Southern Railway train Saturday night, when Raymond Vaughan, the chauffeur, was burned to death, died late Sunday night at the hospital to which she was carried after the accident.

A coroner's inquest held Sunday over the body of Vaughan resulted in a verdict of censure for the Southern Railway. The jury found that the engineer did not whistle for the crossing, a very dangerous one.

MRS. SENFF'S GIFT.

Ten Thousand Dollars For Gateway To University.

Charlottesville, Va., May 5.—President Alderman has secured another substantial gift for the University of Virginia. Mrs. Charles H. Senff, of New York City, has given $10,000 to President Alderman to be used in erecting a gateway at the main entrance to the university grounds.

There has been a great deal of anxiety for fear that money would not be available to build a suitable gateway, at the main entrance, where a building has been erected and only recently completed, replacing old Temperance Hall, that is one of the most beautiful of the University group.

President Alderman has had this matter very much upon his mind and the whole university community was delighted to have word from him to day that the necessary donation had been secured. President Alderman's announcement was to the effect that Mrs. Senff had made a gift of $10,000 to him for that purpose.

Mrs. Senff has association of an intimate character with Virginia, having a beautiful home at Warren, Va., and formerly one at Curl's Neck. Her husband, the late Charles H. Senff, took a great interest in the million dollar endowment fund raised by President Alderman and came to his rescue at a critical time in the undertaking with a handsome subscription.

The new gateway will be erected as a memorial to Mr. Senff on the personal side, and to the Honor System of the University of Virginia as a matter of idealism and principle. The greatest plans will be taken to make the gateway worthy of the architecture of the university.

Before he sails for Europe on May 16, President Alderman will confer with architects and others as to plans for the gateway.

NEEDED SPECIAL COFFIN.

Could Not Get Casket Into Berryville Church—he Weighed 553 Pounds.

Winchester, Va., May 5.—The funeral of Mr. Walter H. Horner, the widely known lightning rod agent and steel range salesman, who died on Thursday at his home in St. Martin, near Salisbury, Md, from heart disease, took place yesterday afternoon at Berryville, Clarke county, Va.

The funeral services were held in the Methodist Episcopal Church, South, by the pastor, Rev S. A. Parker, but on account of the man's immense size the casket containing his remains could not be taken into the church. Efforts were made to get the casket through the front door, but without success, and while the pasor conducted the services the remains were kept outside in a strong wagon. A special casket, heavily braced and strapped with iron, had to be made by the funeral director at Salisbury.

Mr. Horner's remains were interred in Green Hill Cemetery. His body was taken to Berryville by his widow, Mrs. Horner, who was formerly Miss Coleman, of Clarke county.

WILL ACCEPT AWARD.

Withdraws Opposition to Price Fixed by Jury in Fort Site Condemnation.

Norfolk, Va., May 5.—Motions by twenty-five of the ninety-five owners of property in the site of the proposed fort at Cape Henry to set aside the verdict of the jury in the recent condemnation proceedings will be heard by Judge Waddill in the United States District Court. District Attorney Grover said that he had been notified by the Cape Henry Syndicate that the officers of that company had determined to accept the jury's award, which gave them less than half of the price they had named.

The jury fixed the value of the property in the proposed fort site at $280,000, or $80,000 in excess of the appropriation at present available. The hearing in court took place the first week of April, and since then several members of House committee on military affairs have said they thought the difference of $80,000 between the appropriation available for the site and the value set by the condemnation jury would cause no appreciable delay in a consummation of the matter.

MAN BURNED TO DEATH.

Woman Seriously Injured—Automobile in Collision With Southern Train at Lynchburg.

Lynchburg, Va., May 5.—Raymond Vaughan, aged 25 years, son of Dr. J. E. Vaughan, a prominent physician was burned to death here Saturday night in the explosion of gasoline in his car, when the car was struck by a Southern Railway passenger train.

Mrs. Jack Perrow, a young white woman, who was returning from a picnic in the car, was seriously if not fatally burned. The car was struck midway and both occupants were hurled out but were not hurt by the collision.

The explosion was instantaneous. Fireman Hamilton of Charlottesville was burned about the face as the locomotive ran through the flames, which burst high above the train. Passengers stood and watched Vaughan roast alive, having no way to get him out of the sea of flames.

The injured woman was brought to a hospital. The car belonged to the Virginia Transfer Company. It is a complete wreck.

CHARGED WITH BLACKMAIL.

Newspaper Man Alleged to Have Committed Assault.

Bristol, Va., May 5.—A. M. McAllister, fifty years old, and claiming to be a Chicago newspaper man, was arrested here Saturday afternoon on a sensational charge of blackmail, preferred by E. H. Kabler, president of the Appalachian Life Insurance Company, of this city. Kabler also swore out a warrant for McAllister for assault. Kabler charges that McAllister has been busy among the stockholders of the Appalachian Insurance Company endeavoring to foment discontent. He says that he has evidence upon which the blackmail charge is based.

Sunday morning he alleged that McAlister assaulted him personally in the presence of other officials of the company. Kabler says that McAllister has been making charges that he should be in the penitentiary. McAllister is said to have formerly been connected with the Montana Paper and Pulp Company with which the Bristol Insurance Company had a large stock transaction. McAllister has been to Richmond, according to Kabler attempting to get action started against the insurance company officials. He says that McAllister is not a stockholder, and has no connection with the company in any way.

Death of T. K. Haden.

Lynchburg, Va., May 5.—Mr. T. K. Haden, who was a railway mail clerk on the Southern Railway, between Washington and Greensboro, died suddenly at 1 o'clock Friday afternoon at his home at Evington. Mr. Haden was a son of C. B. Haden and was 38 years of age. He is survived by his wife and daughter. Mr. Haden, who was skilled in many ways had finished with his own hands his home, the concrete blocks for which he began to mould in 1911. It is said that he did nearly all the work upon it, including the putting in of the steam heating equipment, and that it is a well-built and most comfortable residence. On Thursday at noon he finished moving into this new home, of which he was justly proud and which afforded him great pleasure, having at last realized the successful termination of his long and arduous task. Friday at 1 p. m. just twenty-five hours later, he answered the dread summons.

Praises This Remedy for Lung Trouble

Many people are led to believe that Lung Trouble is a disease which cannot be conquered. This is wrong, as many have fully recovered their health. A change of climate has helped some, but many more have been restored to health by breathing the freshest air, eating well-cooked, wholesome food, being temperate in their habits and adding the tonic qualities of Eckman's Alterative, a medicine for Throat and Lung Troubles. Investigate this case:—

Bowling Green, Ky., R. No. 4.

"Gentlemen: The spring of 1908 I had a severe cough for six months. I tried all the medicine that my doctors recommended to me, but no results came for the better. I had night sweats, and would cough and spit until I got so weak I could hardly do anything. But at last, James Deering, of Glasgow Junction, insisted that I try your medicine. In one week's time there was quite an improvement in my condition, and after I had taken several bottles I felt as well as ever in my life. I firmly believe that Eckman's Alterative will relieve any case of lung trouble if taken before the last stage."

(Affidavit) A. C. BETTERSWORTH.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

ALEXANDRIA'S JUST COMPLAINT.

Three-score years ago Alexandria had much to hope for in the construction of what was then known as the Alexandria, Loudoun and Hampshire Railroad. It was stated that the road would be pushed to the Hampshire coal fields, and, with the Manassas Gap Railroad built to the Moorefield coal mines and the Alexandria Canal bringing coal from Cumberland, Alexandria was destined to become a great shipping point.

The war came on, the tracks of both roads were pulled up at times by both federal and Confederate soldiers and bridges burned, and at the close of hostilities both roads were practically ruined and the government had charge of the Aqueduct Bridge and mules were feeding in the bottom of what was at one time the Alexandria Canal.

The Alexandria, Loudoun and Hampshire road was later placed in running order, and about that time movements towards continuing the road to its objective point were again heard with the further statement that Washington was to tap the road. After many years of uncertainty the property was recently leased to the Washington and Old Dominion Road, the portion which runs into Alexandria is virtually but a spur track of a road which helped to increase the bonded debt of Alexandria in by-gone years.

A switch engine backs a car to a junction a short distance north of Alexandria for the benefit of such people of this city who are forced to patronize the road.

Alexandria has been indignant ever since the introduction of this procedure and the Chamber of Commerce at a meeting last night determined to send representatives to Richmond and endeavor to interest the Corporation Commission into this order of things.

THE OLD CRY OF "TAINTED MONEY."

There was some discussion in the Senate yesterday over the question of what constitutes "tainted money."

The debate arose upon a amendment to the agricultural appropriation bill, which was designed to prevent the Secretary of Agriculture from accepting any further financial assistance from the Rockfeller General Educational Board in the prosecution o fexperimentation and demonstration work.

"It is not the money that is tainted," said Senator Martin, of Virginia, "it is the man. I don't know how John D. Rockefeller made his money, but I am willing to accept for my State all that he is willing to give to be used in the beneficient way in which his money has been used in co-operation with the Department of Agriculture. If this money is tainted we can purify it by devoting it to a worthy purpose."

"Does the Senator from Virginia want the government to go into partnership with Mr. Rockefeller?" demanded Senator Kenyon, of Iowa.

Senator Martin replied that he did not regard it as a partnership. He said that it was a donation by Mr. Rockefeller for a philanthropic purpose.

The Senate adjourned while the debate was under headway, with the prospect that it will be renewed today.

"Tainted" money has for some time been giving certain people distress. It did not seem to have been refused by the Saviour of Mankind when he entered the house of Zaccheus the publican and ate and drank with him. The Judean tax collector had forfeited his standing among his people when he was awarded the contract to collect taxes for the Roman government from his Israelitish brethren, and the name of his occupation was blended with that of the heathen.

The story of Zaccheus is one of the most interesting in the New Testament, and when he stood in the midst of those reclining at that memorable supper and said "One half of my goods I give to the poor," One present far greater than dissenting Senators, proclaimed, "This day has salvation come to this house."

Few men in this world who have amassed colossal fortunes by their industry and genius escape the insolent cry of "tainted" money. Could it be shown that they gained their wealth at the expense of their less fortunate brethren and desired to use it pro bono publico, why insult such would-be doners?

It may be safely said that there are thousands of people in the world who would not make as good use of immense fortunes as Mr. Rockefeller, Mr. Carnegie and others who are alleged to handle "tainted" money. Most of such were they placed in control of millions would enter into Count of Monte Christo lives and with their insolence of the power brought by money would soon become unbearable.

The senior Senator from Virginia was right in the statement he made yesterday.

GIRL HACKD TO PIECES.

Unknown Man Assaults 8-Year-old Child and Her Companion.

Pittsburgh, Pa., May 5.—Florence Dove, aged 8 years, was assaulted and hacked to pieces by an unknown person near the Edgar Thompson Steel Works, Braddock, about 5:30 o'clock yesterday evening.

Elizabeth Kleneck, the companion, of the Dove child, who broke away from the murderer after being assaulted, witnessed the death of her friend.

The crime occurred a short distance from the Fall Hollow reservoir, where the body of 13-year-old Lillian Schadie was found on Thanksgiving Day, 1912, brutally mutilated.

With one slash of a keen bladed knife the body of the Dove girl was laid open from below the stomach to the neck. A third gash on the back of her head is five inches in length. The body of the murdered girl was found by searchers lying in a ditch.

After her escape the Kleneck girl vainly begged and threatened the murderer to save her companion. She then ran to her home and informed her parents who informed the police.

Within an hour 3,000 men were hunting the murderer.

The murderer is described by the Kleneck girl as a "bum" and about 5 feet 5 inches in height, weight about 100 pounds, face dirty and wearing a blue shirt. The story told by the Kleneck girl to her mother was corroborated by Dr. Hager, a physician.

Two suspects had been arrested by 9 o'clock, while others were under surveillance.

Killed by Automobile.

Philadelphia, Pa., May 5.—Run over by an automibile just after being hurled from his motorbicycle in collision with another motorcyclist, Howard Hinckenhorn, 21 years old, of 761 Cherry street, Camden, was so badly injured that he died in Cooper Hospital, Sunday night. He sustained a fracture of the skull and other injuries. The peculiar mixup in motors resulted in three arrests.

Hickenhorn and Joseph Lofkel, of Front and Christan streets, Philadelphia, collided on their motor cycles on Gloucester City, and with such force that Hickenhorn landed in front of an automobile belonging to F. Walter Morton, of No. 4932 Cedar Avenue, West Philadelphia, which ran over him.

Owls Tonight

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or, arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the ale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.**

GEORGE W. MAXWELL
well-known trapshooter

"I find relaxation and complete enjoyment in Tuxedo. It's a nerve steadier and a sure fire, slow burning tobacco. Easily my favorite."

Geo W Maxwell

Quick on the Trigger With a Snap-Shot Eye

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. *He* takes no chances with his *nerves*.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

TOM A. MARSHALL
famous trapshooter

"Tuxedo tobacco is unquestionably the acme of perfection; smoking Tuxedo makes life better worth living."

Tom A. Marshall

FRED GILBERT
the celebrated trapshooter

"The coolest, most fragrant, most pleasant tobacco in my experience — Tuxedo. Leads in mildness and purity."

Fred Gilbert

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it *cannot bite* your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.

NEWS OF THE DAY

Eight members of the Chicago Board of Education yesterday were sentenced to jail for thirty days for contempt of court by Superior Judge Charles M. Foell. The motion was the outgrowth of the ousting and subsequent reinstatement of Mrs. Ella Flagg Young, superintendent of schools last winter. The offending board members were charged with having defied the court's order to restore to their seats on the board the members who were forced out illegally at that time.

A bloodless duel was fought at the Pare des Princess, Paris, yesterday, afternon between Jose. Caillaiux, former minister of France and his political rival. M. do'Aillieries. Caillaiux who fired first, pointed the muzzle of his pistol to the sky; d'Allieres fired into the ground. Then General Dalstein, former military governor of Paris, who acted as master of ceremonies, declared honor satisfied. The quarrel drew out of placards used by d'Aillieres, a candidate for the chamber of deputies, upon which it was said that "any one who voted for Caillaiux made himself an accessory to a crime." This referred to the assassination of Gaston Calmette, the journalist, by Mme. Caillaiux, who is now in jail pending trial.

The failure of Cramp, Mitchell & Co., bankers and brokers, was announced on the Philadelphia Stock Exchange yesterday, with liabilities exceeding $3,000,000.

Judge Geiger, in Chicago, yesterday afternoon imposed a sentence of two years in the penitentiary and a fine of $10,000 on John F. Jelke, the widely known oleomargerine manufacturer, who was found guilty last week of conspiracy to defraud the government by false labels and substitution. A fine of $2,500 was assessed against Wm M. Steele, general manager of Jelke concern; Harry E. Hutchins, a salesman. Hugh D. Cameron, Milwaukee representative of the concern; D. B. Tullis, salesman; W. L. Lillard, salesman; William P. Jackson, formerly general manager for the Geo. T. Braun Company, and Fred Ralph, former salesman.

Hiram Duryea, the aged and wealthy head of the great starch manufacturing family, was shot seven times and killed early this morning by his son, Chester Dryea, in their home in Brooklyn. Duryea who was 81 years old, and his son, a lawyer, occupied the same large sleeping porch which is an open extension on the rear of the second floor, and it was there where the tragedy occurred. Friends of the family say that the younger man and his father have been at loggerheads in several matters particularly in a divorce action 11 years ago.

Rose Hoffman, aged six, and Irene Hoffman, aged three, were killed and their mother, Mrs. Louise Hoffman, of Chicago, was seriously injured yesterday when their buggy was struck by a fast Chicago, Milwaukee and St. Paul train.

P. S. Raber, fireman, was killed and P. C. Probst, engineer, was perhaps fatally hurt when their engine exploded on the Grafton and Belington branch of the Baltimore and Ohio Railroad near Grafton, W. Va., yesterday. The fireman's body was blown 100 feet

A militant suffragette, armed with a hatchet, raided the exhibition at the Royal Academy of Art in London yesterday, smashing several glass cases and gashing a picture painted by John Sargent, R. A., the famous American artist. The woman was seized by attendants before she could do any more damage, and was turned over to the police.

Policeman William J. Kelly was killed by two hold-up men in Brooklyn early early yesterday after they had shot and killed a Greek restaurant keeper named Basbosia. The Greek was shot when he refused the demands of the men for money, and Kelly was shot when he pursued the murderer. Christopher Dunn, aged 24, was arrested charged with participation in the crime. A companion escaped. Kelly is the third policeman shot by gunmen in Brooklyn streets in the past two weeks. Two other young men charged with conspiracy in the hold-up also were arrested.

The Federal reserve board, as selected by President Wilson, is as follows. Richard Olney, Boston, Mass., governor of board; Paul Moritz Warburg, New York city; Harry A. Wheeler, Chicago; W. P. G. Harding, Birmingham, Ala.; Dr. Adolph Caspar Miller, San Francisco, Cal.; Secretary McAdoo and John Skelton Williams, comptroller of the currency, are ex-officio members.

AIRSHIPS WILL RACE AROUND THE GLOBE FROM SAN FRANCISCO IN 1915.

AERONAUTS from all the civilized nations of the globe with every standard type of air craft driven by motors will participate in an aerial race around the world, which will be a feature of the sporting events to be held during the Panama-Pacific International Exposition at San Francisco in 1915.

The race will start from the grounds of the Exposition in May, 1915, and will end there. Three hundred thousand dollars has been hung up in prizes for this stupendous world girdling contest. A number of the world's greatest aviators have signified their intention of entering the races. The recent flight of Stoeffler, ending at Mulhausen, Germany, in which he covered 1,375 miles, convinces aviators that long flights are a matter of adequate supply stations. The above photograph shows the route around the world and the various supply stations.

STEAMER BURNING AT SEA.

No Signs of Life Apparent on Ill-Fated Ship.

Halifax Nova Scotia, May 5.— An unknown steamer on fire from stem to stern and with no signs of life on board, was discovered 800 miles south of Cape Race yesterday by the steamer Seydlitz,from Breme nto New York. Her position was given as latitude 41:27 north and longitude 51:07 west. The Seydlitz immediately called by wireless for assistance, and response came from the Franconia, 50 miles to the eastward, bound for Boston, and the Olympic, 200 miles to the west, headed for New York.

The Seydlitz circled around the burning vessel, but the smoke hung so heavy about her that her name could not be distinguished.

As no small boats were discovered in the vicinity, and as the Olympic had passed not far from the scene 12 or 15 hours before, it was believed here tonight that the nunamed vessel caught fire some time after midnight and that all hands were rescued by some ship which had no wireless.

The weather on the Grand Banks today was moderate, and it was thought that any transshipment could have been accomplished with no Great difficulty or danger.

So far as learned, no steamer equipped with wireless reported herself in distress, although part of a wireless message picked up from some westbound liner last night stated that she was having boiler and engine trouble and was making slow progress into New York.

SENSATION IN ATLANTA.

Alleged Attemps to Hang Jim Conley For Murder of Mary Phagan.

Atlanta, Ga., May 5.— Sensation after sensation developed yesterday at the hearing of the extraordinary motion for a new trial for Leo M. Frank before Judge B. H. Hill. Affidavit after affidavit was introduced by Solicitor Dorsey, charging bribery and alleging a deliberate attempt to manufacture false evidence to hang the negro, Jim Conley. Just before the hearing adjourned Solicitor Dorsey announced that the matter would be taken up by the grand jury and that numerous indictments would be returned.

Judge Hill created a stir by announcing that he wished an order issued for the return of Annie Maude Carter, the negress, who swore for the defense that Conley had confessed to her that he was the murderer of Mary Phagan.

Probably the most amazing affidavit was one by Rev. C. B. Ragedale, in which the minister directly charged that Attorney Arthur Thurman had inspired the famous "confession" affidavit and Thurman personally paid him $200 and has paid R. L. Barber $100 for their signatures.

Dan S. Lehon, chief aid to W. J. Burns, was ruled into contempt for denouncing Solicitor Dorsey. Lehon broke out with, "Your Honor, I am an American citizen and I've been a police officer for twenty years and I never have encountered such outrageous procedure as this. The solicitor has been trying to make it appear that I and the officials of the Burn's agency have been guilty of crooked work. That's a lie, and there's no basis for it."

Judge Hill held up the penalty when Lehon apologized.

WOMAN BURNS TO DEATH.

Mrs. William Nicholson, of Shenandoah County, is Victim of Flames.

Winchester, Va., May 5.—Mrs. William Nicholson, a woman weighing 250 pounds, was burned to death at her home in Shenandoah county, six miles east of Edinburg, Sunday.

While attempting to rekindle an open fire about 9 o'clock, her apron caught fire. Before she could extinguish the blaze, the remainder of her clothing became ignited and the flames spread to the furniture.

With Mrs. Nicholson at the time were two small children of Mrs. John Rinker, a neighbor. When they saw the woman's clothing in flames they ran to their own home, giving the alarm.

Their mother hurried to the Nicholson home, but by the time she reached the scene the house was in flames and she was unable to enter. Other neighbors arrived within a short time, but efforts to save the woman and the house were futile.

When the building had been consumed the body of Mrs. Nicholson was found, burned to a crisp, little more than the bones remaining. She had been overcome by the smoke before she could reach the open air.

Mrs. Nicholson was about thirty years old and a daughter of Hamton Hottel, of near Saumsville. She is survived by her husband, several brothers and sisters.

The scene of the tragedy is near Joppa postoffice in the Upper Powell's Fort Valley.
